U.S. Patent and Trademark Office PTOL-303 (Rev. 11-03) Continuation of 5. does NOT place the application in condition for allowance because: The reference to Andrews et al. is not seen to be restricted to warp knit fabrics as stated in the declaration of David M. Hall but is seen as capable of being warp or weft knit depending on the conventional knitting machine used. Further, the declaration fails to speak to Weil and specifically Weil's use of chain stitching.
